

The Class of 1939 Senior Research Fund

Funding Application

- ❖ The Class of 1939 Senior Research Fund was established by the Class of 1939 on the occasion of its 50th reunion. The income from this fund shall be used to support student research in all departments in conjunction with the senior project.

- ❖ Student Instructions:
 - o Complete this form.
 - o Return this form to your senior project first reader.
 - o Please note:
 - o Funding application must be received by our office in advance of expenditure in order for that expense to be considered for funding (**funds can not be awarded retroactively**).
 - o All applicable approvals from the Institutional Review Board and/or Animal Research Committee need to be obtained before submitting an application for funding.
 - o Funding is limited to \$500 per student.
 - o If your request includes travel expenses please base your budget on anticipated fuel expense (mileage can not be approved).
 - o Once the Provost reviews your application you will be notified by email regarding the status of your request. If funding is approved a check will be issued to you and sent to you by campus mail (please check your mail). By accepting that check you agree to use those funds exclusively for the expenses as specified in the approved detailed/itemized budget as specified on this application. In the event that, for whatever reason, your academic department(s) makes a purchase on your behalf for any of the approved budgeted items then you will be required to repay the department for that purchase within 30 days and that repayment will be coordinated by your project advisor.
 - o This funding from the College is a form of income and needs to be reported as such to the IRS. Be advised that the funding you receive could be considered taxable; and as such you would be responsible for reporting it when you file your taxes.
