

Application & Solicitation Disclosure for Variable Rate Parent Loan

Loan Interest Rate & Fees

Your **starting interest** rate will be between
 8.240% and 13.490%
 After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. The lowest variable rate is available for only the most creditworthy applicants. Your rate will be equal to the 3-Month CME Term SOFR rate or 0%, whichever is higher, plus a Margin. The value of the 3-Month CME Term SOFR rate varies with the market each quarter. The Margin is a fixed value that is set at the time of your application, based on your credit history and other factors. If approved, we will notify you of the rate you qualify for within the stated range, unless the index increases the rate above or decreases the rate below the stated range.

Your Interest Rate during the Life of the Loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon 3-Month CME Term SOFR, which is administered by CME Group. For more information on this rate, see the reference notes.

Although the interest rate will vary after you are approved, the interest rate will **never exceed** 18.000% (the maximum allowable for this loan).
