Please read these important test directions before you begin the test.

This assessment must be completed in one sitting and only one attempt is permitted. It is not possible to “Pause” or “Quit and Save” this test.

The Purpose of the Math Placement Assessment
Your score on this assessment is a measure of your current preparation for calculus courses taught at Allegheny College and is used to determine which calculus course is the most appropriate starting point for you. In particular, the placement test will place you into either MATH 151 (Calculus I) or MATH 140 (Calculus I with Precalculus, Part I), both of which are appropriate for any major or minor program at Allegheny.

Before you begin, please note the following:
- You will have 90 minutes to answer the 30 questions in this assessment.
- Please use a computer or tablet and make sure that you have a reliable internet connection.
  - Do not try to take this test on a mobile phone.
- You must complete the test without outside assistance or resources of any kind.
  - Calculators are not allowed and are not necessary.

When you are ready to begin:
- Click the Start button below and then click the Start button on the next page.

When you are finished:
- Click the Submit Assignment button to see your score and placement. Then click Quit & Save to exit the test.
Click Start to begin the test
When you finish the exam and submit the assignment, your score and placement will be revealed.
