

## Foreign Language Placement Test Information

### ARABIC

Please [contact Professor Reem Hilal](#)

### FRENCH, GERMAN, or SPANISH

Please follow these directions to access the WebCAPE testing platform:

1. Launch a web browser and go to the [WebCAPE registration page](#).
2. Create your account by entering your first and last name, Gator ID #, and your ALLEGHENY.EDU email address, then creating a password.
3. Choose your language and click "Take Test." Complete the brief pre-test survey and click "Begin Test." **DO NOT USE THE "BACK" BUTTON ON THE BROWSER.**
4. The test will report that you have completed it successfully. Click "See Score Report" to view your results.
5. Discuss your score and placement recommendation with your advisor and/or a language faculty member.

The test is adaptive and will structure itself to your responses, so there is no set length of time it will take. (As a rough guide, it tends to last 10-20 minutes for most students.)
